

## County of Erie

CHRIS COLLINS  
COUNTY EXECUTIVE

# Preparing for Radiologic Events

## Table Top Exercise and Drill Announcement

As part of emergency preparedness efforts to prepare for radiological and nuclear terrorism events, two activities will be conducted during November to support ongoing training.

Erie County will conduct a **Table Top Emergency Exercise on Nov. 22, 2011** from 8:30 AM to 12:30 PM at the Erie County Training and Operations Center, 3359 Broadway, Cheektowaga NY. The exercise will involve response to a widespread radiological or nuclear emergency. Persons who attended recent radiation incident management classes are encouraged to attend, but all are invited.

**A Practical Drill will be conducted on the evening of Nov. 30, 2011**, beginning at 6:00 PM. This will be a low-stress walk through of some of the steps and techniques that will be used to screen persons for radiological contamination, and provide appropriate decontamination as required. It will combine the actions of SMART/PHERT, CERT, Fire Fighters, and Hazmat personnel. Again, individuals who participated in recent radiological training events are encouraged to participate, but all are invited.

If you wish to attend either of these events, please RSVP to:
